

Edge clips for cable ties, 1-piece, multidirectional / without cable ties, made of plastic

Our multidirectional Edge Clip is a particularly compact and robust fastening solution that provides a secure grip even in tight spaces. Made of impact-resistant nylon and featuring spring steel clips with a corrosion-resistant finish, these edge clips offer a stable and durable solution for cable bundles on angle-seam or double-standing seam edges. The Edge Clip is available in narrow or wide versions. The multidirectional Edge Clip features fixed mounting points for inserting cable ties at the top and sides of the clip. With this clip, you can mount a cable tie (not included) in four different directions.

Technical data:

Material:	Polyamide 6.6 / PA6.6 HS (heat-stabilised, halogen-free)
Colors:	black
Operating temperature:	-40 °C to + 120 °C
Metal clip:	Spring steel, hardened surface (highest corrosion protection requirements)
Fire protection properties:	Raw material polyamide 6.6 self-extinguishing
UV resistance:	yes / UV-weather-resistant
Chemical resistance:	good resistance to bases, alcohols, oils, greases, fuels/ spring steel corrosion-resistant
Standards:	REACH, RoHS

Article no.	Profile thickness [mm]	Type	Direction of cable run	Cable tie mount	PU [Pcs.]
29004	0,7 – 3,0	KC15	multidirectional	Top and side	500
29009	3,0 – 6,0	KC107	multidirectional	Top and side	500
